

**ADDENDUM TO
MEMORANDUM OF UNDERSTANDING BETWEEN THE WOLRD
METEOROLOGICAL ORGANISATION (WMO) AND THE UNIVERSITAT
ROVIRA I VIRGILI (TARRAGONA, SPAIN)**

The World Meteorological Organization (WMO),
Geneva 2, Switzerland
(herein referred to as the "WMO")
And
Universitat Rovira I virgili,
Tarragona, Spain
(herein referred to as the "URV")

In accordance with the present document and the Memorandum of Understanding entered into between the WMO and the URV on 27 October 2016 (attached herewith as an annex), the provisions of which shall apply in their entirety to this Addendum, it is hereby agreed that:

- 1.1 The URV has designated the Centre for Climate Change to coordinate the activities agreed with WMO and to ensure that the Centre for Climate Change appropriately implements the activities in conjunction with its corresponding counterparts at the WMO, in particular with the Climate and Water Department.
- 1.2 The URV will support the activities of the Centre for Climate Change by agreeing, if necessary and provided that the rules of the URV permit, to reduce the teaching obligations of the Centre for Climate Change in order to enable it to implement the activities covered by this agreement. To this end, the URV authorises Dr Manola Brunet, professor at the URV, to carry out the aforementioned activities for the duration of the aforementioned agreement.
- 1.3 This Addendum shall be effective from the date of signature by both parties.

Signed on behalf of the
World Meteorological Organization
(WMO)

Prof. Petteri Taalas
Secretary-General

Signed on behalf of the
Universitat Rovira I Virgili
(URV)

Prof. Josep Anton Ferré
Rector
